

Activities for Young Children

Hall of Health®
2230 Shattuck Ave. (lower level)
Berkeley, CA 94704
510-549-1564

Sponsored by 
CHILDREN'S HOSPITAL
& RESEARCH CENTER OAKLAND

Open Tuesday through Saturday, 10 AM to 4 PM

January 2008

Teacher: Children cut out the pieces on the dotted lines. Make a dancing skeleton by connecting the pieces with paper fasteners. Insert paper fasteners through the dots.

My Skeleton

Teacher: Children cut out and paste the parts to the picture of the body.

What is missing?

Teacher Children cut out and paste the parts in the correct place on the face. They may draw on some hair.

A Face Puzzle

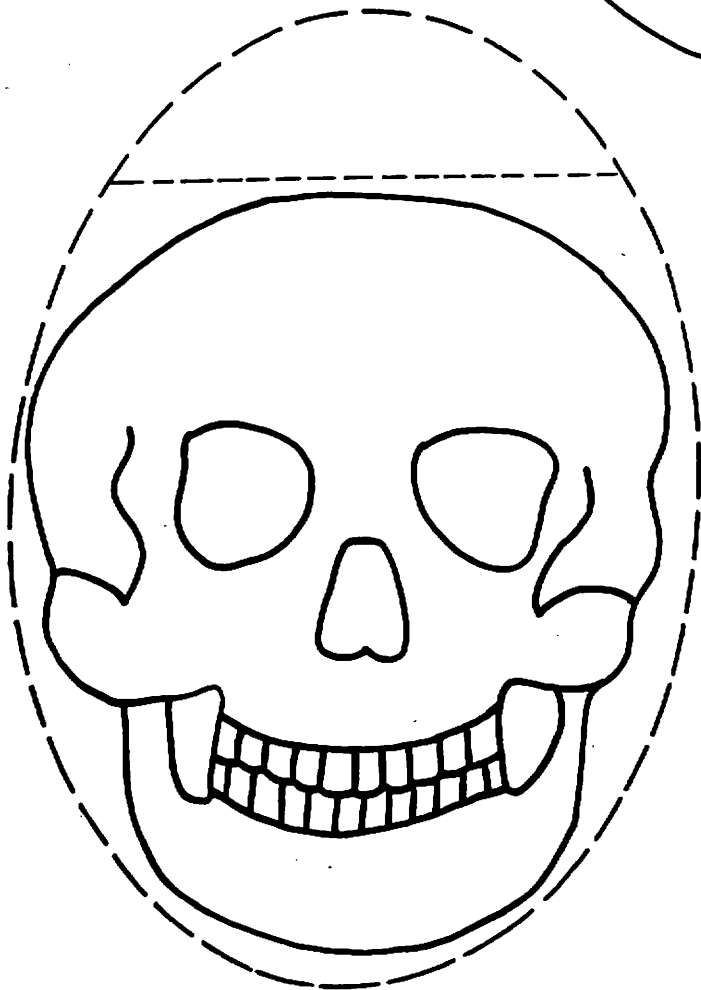

Teacher Children cut out the skull and face Put paste along the flap sections and attach the pieces on the head over the brain Put the skull on first and then the face

Take A Peek

My skull bones
protect my brain.

When I go to school each day,
Three things I do with care:

I wash my face.

I brush my teeth.

I always comb my hair.

Teacher Children cut out the pictures. Paste the things that are healthy for teeth under the Happy Tooth. Paste the things that are not healthy for teeth under the Sad Tooth.

I take care of my teeth.
